DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 are allowed.
2. The following is an examiner's statement of reasons for allowance: During the telephone interview on June 20, 2006, Examiner was made aware of a notice of allowance based on the same reference, Crossland (US 5837130), as the reference relied on in the Examiner's rejection mailed on May 25, 2006. Examiner has read the Applicant's response to the first office action filed on July 21, 2005 and the notice of allowance mailed on November 14, 2005. Examiner acknowledges that the Crossland reference does not teach a process where a stream is obtained from a fractionation column and passed to a side column for hydrodesulfurization where a low sulfur content naphtha stream is then separated and returned to the fractionation column. Therefore, the Crossland reference is overcome. The Crossland reference was used as the basis for the rejections of claims 1-15. Thus, the non-final rejection mailed on May 25, 2006 is now moot.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
